- Proudly NZ made
- NZFSA approved C 32 (all animal products except dairy)

* Advance Nature Spray & Wipe has been tested following ASTM D 4488-95 (American Society for Testing and Materials) Standard Guide for Testing Cleaning Performance for Products.

** All ingredients considered readily biodegradable as stated in the Detergent Ingredient Database (DID List) according to OECD guidelines and based on approval by the European Commission.

DIRECTIONS

General Spray & Wipe Applications:

Dilute 100mls Spray & Wipe to 1L water (5 caps per litre bottle). Just spray and wipe off.

Carbon Deposits:

Apply neat for initial clean of deep fryers, rotisseries and stoves. Allow to soak, then wipe off or flush with water.

Mopping:

On polished surfaces dilute 20mls part Spray & Wipe to 1L water (2 cups in a 10L bucket).

Maintenance:

10ml to 1L (2 teaspoons to 10L bucket).

Autoscrubbing & light duty cleaning:

10ml to 1L parts water (1 cup in a 10L bucket). This dilution is ideal for scrubbing shopping mall and washroom floors as well as areas with nonoily soils. If greasy, use 20ml Spray & Wipe to 1L water (2 cups in a 10L bucket).

Dilution from the cold tap recommended.

After using this product in food contact areas, food surfaces must be thoroughly rinsed with potable water before production starts.

SAFETY DATA

May be harmful if swallowed. Keep out of reach of children. Avoid eye contact. Do not ingest.

For eyes:

Flush thoroughly with water for 15 minutes. Get medical aid.

For skin:

Remove contaminated clothing. Wash thoroughly with soap and water. If irritation persists, get medical aid.

If ingested:

Do not induce vomiting. Drink milk or water. Get medical aid.

All cleaners have an effect on the environment. Always use the correct dose for maximum efficiency and minimum environmental impact.
